

EBA Command Center 9

End User License Agreement

Thank you for choosing EBA Command Center, from EBA Software

Thank you for choosing to use EBA Command Center. Like most other programs, we have defined a set of rules which you, as the end user, must follow. We've also defined a set of expectations from us at EBA Software. By using our software, you agree to the End User License Agreement (EULA). Failure to comply with our EULA will result in a temporary or permanent ban from any of our services. Please read the EULA below:

Section 1: End User Agreement

By downloading and installing EBA Command Center 9, you agree to these EULA. The EULA is enforced by EBA Software. Violation of our EULA will result in immediate termination of your access to EBA Command Center. EBA Software reserves the right to remove anyone for any reason. EBA Command Center is provided as a free service from EBA Software. Selling or redistribution of EBA Command Center or any other software or files provided by EBA Software is strictly prohibited. Modifications to EBA Command Center must abide by the EULA.

Section 2: Liability

We at EBA Software shall not be liable for any damage caused by misuse of our services. Do not download commands, backups, or plugins from untrustworthy sources, as these can be potentially harmful. Bugs within our software are very unlikely to occur. We test our software daily and before releasing updates. We shall not be liable for damage caused by bugs, though we will try our best to recover your data. Issues with EBA Command Center are rare, and may happen if you edit critical files. If you experience problems, a refresh might be required. Refreshing can only be performed by the system administrator. Refreshing may delete EBA Command Center data, which we cannot be held liable for. Make sure to keep backup copies of files (using the backup command). Installing EBA Command Center outside of the default location could cause problems (unless you know what you're doing). Installation of software at some directories might cause your system to fail to boot in some cases. We cannot be held responsible for such damages.

Section 3: Modification/Plugin Policy

EBA Command Center is an open-source project. Modifications to our software of any kind must follow these guidelines. For plugins, the plugin developer should license their plugin. Plugins and modifications must not be used to distribute malicious software. For modified copies of EBA Command Center, you must credit EBA Software. Modifications must not bypass security measures. Modification and plugin developers shall be held liable for any damages caused by the modification. Appropriate actions will be taken by EBA Software.

Section 4: Our Expectations

We at EBA Software are expected to follow the rules stated in this section of the EULA. EBA Command Center never stores your data online. EBA Command Center may collect basic system information, though that information is never sent to EBA Software. EBA Software will administer bans on anyone that is in violation of the EULA. EBA Software may collect basic information about your system when you visit our website. This data only includes operating system and browser information, which we only store for 6-8 weeks. We use this data to look for suspicious activity within our software.

BY USING ANY SERVICE PROVIDED BY EBA SOFTWARE, YOU MUST AGREE TO THE END USER LICENSE AGREEMENT FOR THE SOFTWARE. THE EULA SPECIFIED ABOVE IS FOR EBA COMMAND CENTER, AND DOES NOT APPLY TO OTHER SOFTWARE MANAGED BY EBA SOFTWARE. VIOLATIONS TO THE TERMS SPECIFIED ABOVE WILL RESULT IN A BAN FROM OUR SERVICES.
